LIVOLIVTM FORTE

SYRUP/CAPSULES

Need is to provide
Protective shield

A Hepatoprotective Shield

- ✓ Restores liver architecture
- ✓ Protects liver against alcohol induced damage
- ✓ Normalises serum alkaline phosphatase levels

"Kutki" showed protective action against hepatotoxicity. The hepatoprotective action of the drug was established by low structural damage to hepatic tissues, which was evidenced by a marked regression of SGOT, SGPT & serum alkaline phosphatase levels.

J. Res. Ind. Med, 3(1) (25)

- ✓ Treats infective hepatitis

"Bhui Amla" has been clinically examined on the carries of Hepatitis-B virus where the loss of hepatitis B surface antigen was observed, without any toxic effect in the treat group of patients.

The Lancet, (1988), Vol II, No. 8614, p.761

- ✓ Tones up healthy liver functions
- ✓ Arrests declining liver functions

LIVOLIV FORTE
